SEC301: CURRICULUM DEVELOPMENT

INSTRUCTION: Answer all questions **TIME ALLOWED:** 2 hours

- 1a. What is curriculum? Give five different definitions
- b. Based on the definitions given in 1a above, discuss the components you will consider when designing a curriculum.
- 2a. Discuss **four** general steps that could be identified with the process of curriculum development.
 - b. Explain **four** factors which influence the curriculum of your country.
- 3. Justify the assertion that "learning experiences in schools should be based on the relevant needs and aspirations of both the individuals and the society because the curriculum is socially and historically located and culturally determined"
